Mr. Chitty permitted to goe to Bengall.

Mr. Benjamin Chitty not having his health here petitions that he may be permitted to serve the Rt. Honble. Compas. in Bengall, agreed the same be granted and that his Petition be enterd after this Consultation.

Padre di Costa ordd. to officiate in ye. Church at Cuddalore.

Padres Don John Milton & Don Simon di Costa both of the Theatine order petition to be restored to the churches at Cuddalore & Tevenapatam and in consideration that their order having supply'd the West Coast with Padre's for this last six or seven years, when none of the Portugueze Padres could be prevaild with to goe to those parts, and the Padre present Incumbent being a person of none of the best morals, Agreed the same be granted under the Limitations as shall be express'd in the Licence to be given Don Simon di Costa.

Bill of Exchã for Pags. 6,000 from Fort St. David. Agreed to be pd.

Generall letter from the Deputy. Governr. & Council of Fort St. David now read advising they have drawn a bill of Exchange on us for Pags. 6,000 Agreed the same be accepted when presented, and be paid when become due.

Cojah Saffur orderd to be confind & why.

Lewis Melique an inhabitant of this place presents a Petition setting forth the abuses and insolencys of Cojah Saffur an Armenian, also an inhabitant here, who hath for some years past lived at St. Thomas's Great Mount, where he hath impudently assum'd a power to himselfe as if he was Hovildar there, in so much that in a Controversy between the said Lewis Melique & Antonio Soares about a peice of ground the said Saffur concernd himself so farr, tho' not belonging to him that he threatend to beat the said Lewis Melique and send him a prisoner to the Catwall of St. Thoma which he had certainly done had not the said Lewis Melique made his escape.

On which the Governr. sent for the said Saffur yesterday, who appeard before us this day, and the matter being putt close to him, did stiffly deny everything, notwithstanding the evidence that was brought against him, and it being well known that the said Saffur has been an insolent troublesome fellow to all the English in Generall who have resorted to the Mount for their health, of which there has been several instances too many to be innumerated here.

And that there is cause to believe that the said Cojah Saffur with others of his Nation intend to associate and form themselves into a Factory at the Mount, and make St Thoma their port, as appears by their having in the late Governr. Pitt's time, bought and built severall houses there, which they ought not to have done without leave of the Governr. & Council, and that they intended to build a Gate at the end of the Lane and stop up all avenues, from all others having any entrance there but themselves, to prevent which growing evil, it's thought expedient to pull up that insolent weed of ill humour by the root.

Agreed and orderd that the said Cojah Saffur be confin'd to the Fort untill he give security of Pags 5000 for his forthcoming and good behaviour for the future, for which none of his own Nation would engage for him, and therefore was committed.

Portugueze petition referr'd to the Justices of the Choultry.

Antonio Soares De Algaveria an ancient inhabitant of this place, this day preferr'd a petition of complaint against Lewis Melique about a peice of ground at the Mount of 24fas. purchase, the decision of which is referr'd to the Justices of the Choultry.

1000 Pags. orderd to be advanced ye. Paymastr.

Orderd that Pags 1000 be advanced Mr. Hunt Paymaster to defray charges Garrison.

Vizagapat & Metchle patm. genll letters read.

To the Hon^ble William Fraser Esq^r.

President for the Affairs of the R^t. Hon^ble. United East India Company on the Coast of Choromandell & Govern^r. of Fort S^t. George &c^a. Council.

May it please yo^r. Hon^r. &c^a.

The humble petition of Benjamin Chitty.

Humbly Sheweth.

That yo^r. Petition^r since his arrivall here not finding the place to agree with his Constitution and having an opportunity at this time of going to Bengall, where he hopes he may be of the same service to the Hon^ble. Company, humbly desires that yo^r. Hon^r. &c^a. would be pleas'd to permitt to goe down there on ship Hallifax, and yo^r. Petition^r. as in Duty bound shall ever pray &c^a.

To the Hon^ble. William Fraser Esq^r.

Presid^t. for Affairs of the R^t. Hon^ble. United East India Comp^a. & Govern^r. of Fort S^t. George &c^a. Council.

We humbly intreat yo^r. Hon^r. &c^a. Council to call to mind with how great readyness & fidelity the Missionarys of the Theatine order have had the honour to serve the R^t Hon^ble. East India Company for sixteen years last past, our first Vicar of Cuddalore Don John Clarici dyed there, and by his behaviour, gave such a generall satisfaction that Don William della Valle was by a Patent immediately appointed his Successor (in Govern^r. Higginson's time) & tho' by misfortunes not unknown to yo^r. Hon^r. &c^a. Council, we have been dispossess'd of the Churches for severall years, yet our zeal has been ever the same to serve you, for when we came to Madrass eight years agoe, his Hon^r. Pitt had sent to the Bishop of S^t. Thoma with large offers of gratitude to oblige any of the Clergy to goe for the Companys service to Bencoolen, but none would accept of it, that place lying under so bad a Character, as to terrifye all others from accepting the advantagious offers his Hon^r. Pitt was pleas'd publickly to annex to that employment, however being animated with the same principle we ever profess'd, in that conjuncture of necessity we offerd his Hon^r. Pitt to send Don Joseph Martelli there, notwithstanding he was designed for another mission, upon which his Hon^r. promisd the Churches of Cuddalore and Tevenapatam to our Order, the Year following Govern^r. Watts sent for another of our order for Bantall, upon which advice we sent suddenly for Don Michaell Castelli who is now actually there, and since the death of Don Joseph Martelli he writes us continually for a Companion to supply his place, the which we have acquainted our Superiour with, and expect Missionarys in May next, Now in Consideration of our earnest endeavours to serve the R^t. Hon^ble. East India Company, and the great expences we have been at, in sending to Goa for Missionarys for Bencoolen, We humbly beg of yo^r. Hon^r. &c^a. Councils goodness, & Justice to re Establish our order in the Churches of Cuddalore & Tevenapatam that so we may have some subsistance to live upon the better to employ ourselves on all occasions to merit yo^r. Hon^r &c^a. Councils favour as

Managers letter, relating to the great demorage arising to the ships detained in the Country, compared with the freight they earn in being lett out on Voyages here, but it is likewise considerd that the freight receivd here, is improved so much more as the Sea Customs & Coinage here, to be invested in goods proper for Europe.

Letter from Fort St. David read, advising the Somers being full laden but

This morning recd. a generall letter from the Deptv. Governr. & Council at Fort St. David, dated 28th. instt; and another from Mr. Raworth, as also a particular letter from Capt. Peacock to the President, which said Letter having read he found matter enough contained therein to summon the Council to meet immediately, when being all mett, their Generall letter was read, as was likewise Mr. Raworth's directed to us, all which letters were of the same date and to the same purport, advising the ship

fears & apprehensions from the French.

Somers to have been full laden that day, they likewise advise of their great fears, and apprehensions they have of the St. Malo's ships at Pondichery, of their having some ill design in agitation against the Somers for which reason they think it not adviseable to dispatch her thô full laden, and therefore doe earnestly desire our orders and directions in that matter, which said letters are enterd in our Copy book of letters recd. N°. 14: 15 & 17.

Propositions to avoid the French.

The President propounding to the Council what they thought might be the best ways and means to be used to prevent the Somers being in danger of the French, upon the whole we come to this following resolution that a letter should be devisd as from Bengall advising the great troubles the English were in there, by reason of the Country government stopping their goods from coming down the river, which occasiond a warm skirmish in which a great many Moors were kill'd and some English, and that the Council there thought the Companys affairs in great danger, and forthwith desired our utmost assistance, as also to write the Deptv. Governr. &ca. Council

———*FORT ST. GEORGE, JANUARY 1709-10*———

(and send them copy of said devised letter) for to send for Capt. Peacock & endeavour to agree with him on further time according to a new Charterparty, that he might be unladen and sent to Bengall, with the intent that the same might be industriously diffused and spread abroad, in hopes it might occasion the French ships departure the sooner thence, who had laine full loaden for some days, It was also agreed we should write our joynt letter to Deptv. Govr. Mountague, Mr. Raworth & Capt. Peacock to unravell and explain to them the mistery of our generall letter to the Deptv. Governr. & Council and that it was only feignd with a design in hopes it might hasten the dispatch of the French.

The President acquaints the Council that there were some Merchts. had a mind to buy one of the Compas. Elephants that were designd for the present and there being no opportunity of sending them to the King, Agreed that the said Elephant be sold, the sale of which was left to the President. Advising also Hamet Cawne the late suppos'd Nabob of that Country to be recall'd when in a few days after, he sett out on his journey to return to Golcondah, when at the same time Fuckerla Cawnes Hosbullhookum and other Authoritys from

——*FORT ST. GEORGE, FEBRUARY, 1709–10*——

the Court took place and reinstated him in his former power and dignity of Nabob of those Countrys, whom at last we observe Mr. Hastings is now oblig'd to beleive the said Fuckerla Cawne to be, the true and right Nabob, and who as so casts a reflection on his judgment in not having penetrated better in the matter of the contest and dispute between the two Competitors for the Nabobship namely Hamet Cawne & Fuckerla Cawne by which he made a false step and took a wrong aim, in making his court and address to the former by presenting him on the 27th. Septembr. with a box qtŝ. 5 Pags. as accustomary acknowledging him Nabob of those Countrys, and likewise the next day as he pass'd by the Factory waited on him and saluted him with 21 guns, and on the 29th. made him a present amotŝ. to Pags. 270—notwithstanding the frequent advices he had from the old Merchts. Braminy residing at Comely advising that Fuckerla Cawne was certainly made Nabob of those Countrys, and that he had sent copys of his Hosbullhookum &ca. appointing him as such to Hamet Cawne as appears by their Diarys of the 22d. 24th. & 25th. of September.

Nabob. Hamet Cawn returns to Golcondah and Fuckerla Cawne reinstated in ye Nabobship. Mr. Hastings errs by addressing himself to Hamet Cawne.

They likewise request a supply of men and ammunition may be sent them, the Nabob having invested that place with 100 horse and 500 foot, but they beleive they dont design to committ any Act of Hostillity, but to frighten them into a complyance of payment of Mr. Holcombes debt due to the aforesaid Nabob.

THE PETITION OF THE MINISTERS AND CHURCH WARDENS OF THE PARISH OF S^{T}. MARYS IN FORT S^{T}. GEORGE

Humbly representeth

That whereas the monuments of the dead, and the ground where they are interrd are held by most people in some measure sacred, and not lightly apply'd to any common or prophane use, yet it is our misfortune that the English burying place in Fort S^{t}. George (where so many of our relations, freinds and acquaintance lye bury'd) is not only not kept in that decent and due manner it ought to be, but every day prophan'd and apply'd to the most Vile and undecent uses, for since the year 1701, when an old building that stood in the burying place (and in which the Buffalos us'd to be set up) was taken down to build lodgings for the Soldiers at the gate adjoyning, the Tombs have been made use of for stables for the Buffalo's

which is not only a thing very undecent, but also a very great damage to those buildings, by having so many stakes drove into the pavement and into the walls to fasten the Buffaloes to.

Another occasion of our complaint on this Subject is the Cocoenut trees standing in the burying place, the profit arising from them we know is inconsiderable, but the nusance accruing to the place thereby we are sure is very great, for the Toddy men have people employ'd there all the day, and almost all the night in drawing & selling of Toddy so that we are oblig'd on their acco^{tt}. to keep the Gates always open, both by day and by night. And there about eight a clock at night after work is done, is such a resort of basket makers, the Scavengers people that look after the Buffaloes and other Parriars to drink Toddy, that all the Punch houses in Madrass have not half the noise in them, And by reason of the gates lying open, beggars and other Vagabonds (who know not where to goe) make use of the tombs to lye in. And what unclean uses the Neighbours thereabouts doe make of that place we forbear to tell. We hope, what is here urged, together with the reflection it must cast on our Church and Nation to have so little regard to the repositorys of our dead, when all other Nations who live among us have so just a regard to theirs, will prevail with your Hon^{r}. &c^{a}. to take this matter into yo^{r}. consideration, and to find out some method to redress these abuses And yo^{r}. Petition^{rs}. as in Duty bound shall &c^{a}.

In perusing of the Generall letter of the 9th of Jan^{ry}. Pet^{r}. dont take care he will be put there too, thus he was threatend for speaking for the Companys interest, Narso sometimes sent notes for money to the Godown, which notes Juggapa carry'd to Gov^{r} Pitt & the said Gov^{r}. Pitt also promisd that what money they took out of the Joynt stock that he would see him the interest paid again, yo^{r}. Pet^{r}. prays that those who took the money out of the joynt stock may be caused to pay according as they took out with the interest as they owe that they may pay the Company, and if any overplus be after let it be equally divided amongst the partners to each man his share, and implores that you'l grant him his request.

The Petition of Ponagettee Narso
Humbly Seweth

That formerly yo^{r}. Pet^{r}. &c^{a}. farm'd the Tobacco & beetle for 3 years, but lost by it above 4000 Pag^{s}., because Vincatty Putty one of the partners, perswaded yo^{r}. Pet^{r}. to advance money and venture on the farm & offer'd himself to put in an equal share, which he did not and hinderd the partners from paying theirs, thô yo^{r}. Pet^{r}. put in 300 Pag^{s}. and was forced to borrow money to pay the Companys debt, and at last owed Pag^{s}. 2500, which being not able to pay, desird the Govern^{r}. &c^{a}. to grant it for five years more, that so might be able to pay, which they did at 7000 Pag^{s} ℔ ann̄. & promis'd yo^{r}. Petn^{r}. &c^{a}. at their request they would give a Cowle that they should receive ½ fan^{m}. for a bundle of beetle whether Country or town, because it used to be ½ fan^{m}. for country & ¼ fan^{m}. for town beetle, but lately little came out of the Country and a great deal grows in town, but this Cowle was not granted for two years, in which time paid 14000 Pag^{s}. and lost by the farm because Tobacco was dear, then the Company granted the beforesaid Cowle for 5 years, when bid Vincatty Putty bring 400 Pag^{s}. for his share, but he did not, so was forced to borrow money to pay the Company monthly Pag^{s}. 583 : 12—and in part of the old debt Pag^{s}. 41 : 24 :—and then for 6 months when the divisions were between the Casts there was no body to buy any here, besides Tobacco used to be bought from 6 to 8 Pag^{s}. ℔ Can[^{y}.], but now from 10 to 15, and when y^{e}. Pet^{r}. goes to borrow money to pay the Company monthly, Vincatty Putty hinders people from lending, and sometimes says he will lay the far[m] down, & if there's any gain he comes in for his share, but if any loss then he is not concernd, now he has rec^{d}. for 9 years past a great deal out of the farm, & says if yo^{r}. Pet^{r}. will give him something he will goe to Rammesore, or else he will bring troubles on yo^{r}. Pet^{r}.; if he has a mind to lay down let him pay what money he has rec^{d}. out of the farm with interest and then yo^{r}. Pet^{r}. will be able to clear the Companys debt and to manage the whole farm, Tis reported that the farm is going to be given to others but yo^{r}. Pet^{r}. ought to have 12 mo^{s}. longer, or if any body will pay the Comp^{as}. &c^{a}. debts let them take the farm free but yo^{r}. Pet^{r}. finds all the foregoing is done by the malice of Vincatty Putty, so desire yo^{r}. Hon. &c^{a}. will continue the farm to yo^{r}. Pet^{r}. according to Cowle.

And yo^{r}. Pet^{r}. shall ever pray &c^{a}.

——*FORT ST. GEORGE, MAY 1710*——

FROM ZOUDEE CAWNE, AMENY AND PHOUSDAR OF HUGLY AND OTHER SEA PORTS UNDER THE SUBA OF BENGALL, AS ALSO OF ORIXA METCHLEPATAM, PEDDEPOLLEE, CHINNAPATAM, S^{T}. THOMA, PULLICAT, CHIECICULL &C^{A}. UNDER THE SUBA OF GOLCONDAH REC^{D}. MAY 16TH. 1710.

I lately wrote yo^{r}. Hon^{r}. by your peons that the King had granted me the abovementiond Ameny & Phousdarship and therefore I have appointed Mirza Mahomud Zamau son in Law of Alouda beeg, & Mahomud Salaubeeg Dep^{tys}. under me for Metchlepatam & Peddepollee, & my friend Aga Mookeem Dep^{ty}. at Chinnapatam, S^{t}. Thoma, Pullicat & Chiccacull, and have sent them their Commissions with a Copy of mine attested by the Codjee at Court.

As there's a great freindship between us and you have often inform'd me that 'twas yo^{r}. opinion that if all the Sea ports under the Kings dominions were under an Admirall (as a Company) he might settle the sea affairs, destroy the Pyrats, inrich the Seaports, & encourage the Merchants to come and depart, which will encrease their profit and you desird me to use my utmost endeavours to obtain this, which I have done, and on account of our freindship have undertaken this great buisness my self and if it happens otherwise, the discredit will be the same to us both, for I have no other hopes then the safety of all subjects, the security of ships & Merch^{ts}. going or coming by sea, the extirpation of Pyrates, and the enrichment of the Kings sea ports, so yo^{r}. Hon^{r}. must use your endeavours in this matter likewise, and advise all yo^{r}. Gomostas & Merchants every where to trade freely without suspicion of any danger and augment their trade.

I want yo^{r}. advice if you think it proper to send some of the Kings ships to bring Elephants from the other Coast.

The King has orderd me to build a Fort at Ballasore and enrich yo^{r}. Factory.

After I arrive at Hugly I will observe how affairs are manag'd, and advise yo^{r}. Hon^{r}.

And now I must desire you to think of means how things may be best carry'd on for the Kings advantage and your Companys, [that] so all persons may live happy and serve their Maker, for I have neglected other buisness, and undertaken this on your account in hopes to get a great name by it and within 5, 6 or 12 months time if 'tis your request that I should take in the other Sea ports as also Surat, I can procure it, and we must endeavour to promote both our fames, for if we agree we can conquer the whole world and clear the seas of all dangers for the Merchants.

Doubtless you have assisted Mulla Abdull Fuzzil on his going to Pegue, for whom have procured a Phirmaund, which I will forward to you as soon as I arrive at Hugly, if he is already gone, but if he is still with you, I will send for him here to goe on a Companys ship, and when yo^{r}. ships sail thither advise him of what I now write you.

As to the present I have wrote you lately to send it to Bengall according to the Kings order which be sure you doe, for 'tis very necessary that you send a present, and when I come to Hugly I will advise you of all other matters, and you should send a Va[ck]eel to be with me, which if you approve of you may send such a one as Cojah Hamud or Surapa, or else write your people at Calcutta to send one, for I shall want him on severall occasions I heartily wish you all health and prosperity.

FROM NOWARJEE AT ARCOT REC^D. 19^TH MAY 1710

I arrivd at Arcot the 3^d. inst^t. and wonder yo^r. Hon^r. has not since wrote me a freindly letter thereupon, but hope you will for the future till we meet.

I have before sent Nabob Dowed Cawnes perwanna to you to deliver up Trivitore &c^a. villages under y^e. Pollimullee government, and wonder you han't acted according to it, but still keep possession, I esteemd you a well wisher to his Highness, for you know very well these Villages belong to Cawne Bahawdir so I have orderd the old Villages to be seizd too, so you ought to deliver the villages to the Manger of Pullimullee, I always wish you well, what can I say more.

To NOWARJEE AT ARCOT MAY 22^D. 1710

I rec^d. yours the 19^th. instant wherein you say you wonder I have not wrote you a freindly letter since you came to Arcott at which place you arrivd the 3^d. instant, I understand what you mean by a freindly letter, but you have not begun fairly with me to demand those new Villages which the Nabobs faith and honour by his Perwanna gave and confirm'd to me, untill Yeavellapas very urgent sollicitations and importunitys prevaild with the Nabob to revoke his former grants, and what you say that they belong to his Highness Cawne Bahaudirs Jaggeir in the Pullimullee government, it may be true, but it is likewise true that the Nabob Dowed Cawne gave an equivolent for them to Cawne Bahawdir, and you know likewise that what those Villages yeilded yearly we almost gave away as esteeming the honour of the Nabobs freindship much more then the profit they yeilded.

But you goe further and demand the old villages given & confirm'd to my Predecessors and his Successors by the then Prince Cawne Bux, Assid Cawne & Zulphaker Cawne, which matters doe no ways concern you to meddle with, at a time when I have been honourd with severall of his Highnesses Cawne Bahaudirs kind

———*FORT ST. GEORGE, MAY, 1710*———

letters from Court, I have wrote the Nabob Dowed Cawne and wait his answer, which when I have you shall know till when doe you preserve and keep all manner of good freindship with me, which will approve you to be a wise man on which condition I shall be your freind, this is enough and shall say no more.

FROM DUAN SADATULLA CAWNE REC^{D}. MAY 23^{D}. 1710

The occasion of my writing this is, because you still keep possession of Trutore &c^{a}. Villages in the Trippasore government, which are in Cawne Bahaudirs Jaggeir, in which you doe not well, so you must deliver them to Yeavellapa the Manager of Pullimullee who will encourage the inhabitants and pay us our money, Nabob Dowed Cawne some time agoe did send you his Perwanna about this buisness, according to which you should act.

As for the four old Villages we have receivd Cawne Bahawdirs order to seize them, which you must also deliver to the said Yeavellapa, what can I say more.

TO DUAN SADATULLA CAWNE HEALTH

FORT ST. GEORGE MAY 25TH 1710.

About some three days agoe a Servant of yours by name Muzzadeen brought me a letter said to be from you, which I gave my Braminy to be translated at which time I desired y^{e}. servant to goe and rest himself after his journey untill I ha[d] given answer to said letter, when he insolently and very pert[ly] as void of all manners, and respect, insisted on the delivering [of] the villages else he would carry back your letter which he [did] I told him my buisness was not with him but with his Mast[er] your self.

But supposing the purport of said letter was to demand back the new Villages because they belong to Cawne Bahaudi[rs] Jaggeer which may be true, but you cannot but at the same time know that my noble great freind the late Dowed Cawne gave an equivolent out of his own Jaggeir to the great Cawne Bahaudir which makes that matter even, and thus farr I am in the right and you likewise know that I gave away more then those Villages brought in, so that the English here lived in all freindly tranquillity with the late Nabob, until Yeavellapa that plague of the poor and Cockatrice of all venom, when at Cuddapa never let the Nabob be quiet till he had gaind his point to revoke the severall former as well as late Perwannas which confirmd those Villages to our Company, so that one Perwanna is not sufficient to take away the force and power of all our former grants, under the Nabobs Signature and great Chop, by which you would make the promise, faith, and truth of a great man of no more value then that of an ordinary man, which is a great derogation to the honour of a great Personage.

Yeavellapah deals trecherously with Madrass a place he is so much beholden to, where he stores up so much paddy and grain to await a scarce and dear season to increase the misery of the poor, and borrows large sums of money at the same time to enable him to pay his rent at the time due, else he must have been necessitated to sell at the Market price which would be cheap.

As for the four old Villages they were granted and confirmed to us about twenty years agoe by the then Prince Cawne Bux, the great Assid Cawne, and the then Zulpaker Cawne, now Cawne Bahaudir under their severall and respective larger seals.

My freindly council and advice to you is that you wou'd consider and value the English as being the Kings freinds and in his favour, as may appear by his Royall Hosbullhookum from the Throne to my late Predecessor, and that you would keep the Kings peace by not committing any manner of hostility, I hope you will doe nothing misbecoming so wise a man as yourself in so great a Post and place of trust, and then you and I may come to have a better understanding at least till I hear from the great Cawne Bahawdir to whom I am now going to write and have his answer, till when I shall be awake, I need say no more.

To the Hon^ble. Will^m. Fraser Esq^r.

President & Govern^r. of Fort S^t. George &c^a. Councill.

Hon^ble. S^r. &c^a.

Pursuant to yo^r. order I have examined Cap^t. Hudson according to the tenour of the letter receivd from the Council in Bengall why he returnd the rice &c^a. back again to them and why he has not brought hither what his ship was let out for, who answers that his ship in order to get out of the river that he might be with you to proceed for China according to the agreement made with Mess^rs. Fleetwood and Davenport was stow'd with abundance of precipitation but had all the care possible been taken it would be a very difficult matter if not an impossibility to load three hundred and fifty tuns on his ship, when rice, hogsheads of salt, provisions & leagers of Arrack were the greatest part of the Cargoe, however he beleives when yo^r. Hon^r. &c^a. come to see [the] exact calculation of the private trade as well as the Co[mp^as] on board his ship, you'l soon be made sensible there will [be] considerably less then a hundred tuns wanting; The Ca[lcu]late of the Companys effects I now deliver to yo^r. Hon^r. &c^a. amounting to 247¾ Tons and for the private I referr you [to] the Sea Customer who having the clearance of them at the [Sea]gate is the most proper person to give you true satisfaction [on] that point I am

——*FORT ST. GEORGE, JUNE 1710*——

To the most Excellent and most
Illustrious Prince Cawne Bahawdir
Ameer ul Ombrah William Fraser
Govern^{R}· of Fort S^{t}· George for Affairs of
the English Nation, wisheth all health.

Fort S^{t}· George
May y^{E}· 29th 1710.

May the speciall providence of the only great God and the divine goodness of the most High always keep and guard the person of the great and most noble Prince Cawne Bahawdir, that he may be always as a seal on the right hand and a precious jewell in the eyes of the great and most victorious King Shaw Allum whose happy reign with long life God continue to be the glory of the age, and that his great fame and praises may reach to the ends of the earth.

It was the happy time when the royall army of the all conquering King Orem Zeb lay before Chingee when yo^{r}. victorious arms laid seige to that strong fortress that my Predecessor J[ohn] Yale was so highly honourd by the Nishan sent him by the then royall Prince Mahomud Cawne Bux under his larger signature, we were likewise at the same time honourd with Perwannas from the great and most renownd Assid Cawne then Grand Vizier your most noble father, and our honourable great & good freind, as also perwannas from yo^{r}· noble self & Allemuddee Cawne Nabob bearing date the 25th of the month· Jemaydellasay in the 35th year of the happy reign of the great Orem Zeb Allumgeer by all which the Nishan and the aforesaid severall Perwannas in a gratefull sence expressing the good service & assistance of the then English Govern^{r}. of Fort S^{t}· George for which good service of the English Company meeting with the good inclination & generous disposition of the Prince & the great Assid Cawne —were pleasd to honour the English with the Epithet of the King[s] freinds, & as a further demonstration of the Princes speciall favour & good esteem he had of our faithfull service to the King, he freely gave and granted to the English Govern^{r}. & his Successors by his great & generous Nishan the power & perpetuall leave and liberty of coyning gold and silver of the severall species of the fortunate stamps to the weight and purity of the establishd Standard to pass Currant in all the Kings vast dominions.

And on the 10th. Feb^{ry}. 1692/3 being the 36th. year of the Kings reign we were honourd with the Nabob the great Assid Cawne[s] Perwannas which freely gave and granted to the English Company·the perpetuall inheritance of three Villages, Egmore, Taudore & Persiwaca with all and singular their proffits and Incomes with assurance he would procure from the Throne a Royall Phirmaund to confirm our old priviledges with additions of others new, according to our request of all which your noble self was the great and happy instrument, those Perwannas came by the hands of Emaum Cooly which we receivd here with great Solemnity on the 25th. Feb^{ry}. 1692/3 according to the Christian Æra, Copy of which perwanna I send yo^{r}. Excell^{cy}. attested by the Codjee.

Since which time we have and ever shall continue true and faithfull freinds to the Kings interest in consideration of which the late Nabob Dowed Cawne generously gave and granted to Gov^{r}. Pitt my late Predecessor five Villages Vizt Longumbauc, Varsalavada, Trivitore, Sautungudda, & Cuttevauca as may appear by his perwanna dated the 28th. of Septemb^{r}. 1708 which five villages are valued in the Kings books at fifteen hundred Pag^{s}. ℔ ann, but I let them out for no more then twelve hundred Pag^{s}. yearly, on purpose that the people may live easy and quiet, Copy of said Perwanna attested by the Codjee I send yo^{r}. Highness, which is said to be out of your Jaggeir but that Nabob Dowed Cawne gave yo^{r}. Highness an equivolent out of his own Jaggeir at S^{t}. Thoma because those Villages were joyning to our three old Villages granted us, as has been said by the Nabob the great Assid Cawnes perwannas.

But so it is, may it please yo^{r}. Highness, that one Yeavellapa a pernicious wicked fellow who hath rented the Pullimullee and Trippasore Country's about us,

went up to Cuddapa about a month or six weeks before Nabob Dowed Cawne left that place and never let Dowed Cawne be quiet till by his earnest sollicitations, and bribes to servants, & under Officers, he so farr prevaild at last that he gott and obtaind a new perwanna from that Nabob reversing his former perwannas which gave and granted the aforesaid five villages to the English Company, thô we give away more then those Villages bring in, of which we lay up nothing, as much more valuing the hônour and freindship of the giver, then the gift, But this is not all his malice but that the said Yeavellapa is endeavouring all he can might and main to prevail with the Duan & Sheik at Arcot to petition yo^{r}. Highness for obtaining yo^{r}. Perwannas to take away the 3 old Villages given and granted to the English Company (as has been said) by the Perwannas of the Nabob the great Assid Cawne yo^{r}. most noble father, by which they would endeavour to cast a blemish upon the faith and honour of so great a Personage, in derogation to his promise, which I hope yo^{r}. Highness will have regard for, that our faithfull and mutuall freindship may be preservd inviolable.

This same Yeavellapah the Epitome of all venome and malice has dealt knavishly and treacherously with Madrass a place where he stores up so much paddy &c^{a}. grain, on which he takes up and borrows money of our Inhabitants to enable him to pay his rent at the same time when due, & thereby making a scarcity & dearness of grain in a time of plenty to grind the face of the poor, without which borrow'd money he would be forced to sell his paddy all seasons of the year cheap, to make money to clear and pay the Duan, this matter of the paddy is a great greivance which I hope yo^{r}. Highness will redress by ratifying and confirming to us, yo^{r}. most noble father's former Perwannas, and inforce them by new ones from your great and generous self, this will perpetuate yo^{r}. name worthy to be ingraved in letters of Gold on the rarest monuments of marble, that yo^{r}. praises may be always celebrated with the greatest solemnity, and that all yo^{r}. great undertakings and management in affairs of state the Heavens may always be propitious to you, with a Continuance of the King's favour, what more should I say.

FROM DUAN SADATULLA CAWNE REC^{D}. Y^{E}. 30TH MAY 1710.

All health ! I have formerly wrote you about the Hoosbullhookum I receivd from Court seald with the Kings Je[w]ellers Jevoyhee Cawnes seal, that Rama Chundra Voggee ha[s] given a bond in the Court, about the Diamond that was br[ought] so I hope you will observe it, & lately I rec^{d}. a strict order from said Jeweller to send up that Diamond to the King with a [ll] speed therefore I have sent Mooro Pundet to you, and as soon as you receive this send up said Diamond with all care under your seal, being there is still a freindship between us so don't delay sending said Diamond for this is extraordinary buisness belonging to the King, what can I write more.

Thomas Pitt requested the Govern^{r}. of Tranqambarr he might be discharg'd from his employ on the ships arrivall at Anjengo, which he then thought was so justly deserv'd that he. immediately orderd another person in his Station, and therefore I can but admire he should recommend him so strenuously to yo^{r}. REC^{D}. Y^{E}. 11TH JUNE 1710.

I am inform'd of yo^{r}. Hon^{rs}. good character by Aga Mookeem, at which I rejoyce, yo^{r}. Hon^{r}. had best dispatch a Vackeel hither with all speed, that so matters may be made up in a freindly manner, the Duan has wrote you to deliver up Trivitore &c^{a}. villages according to Cawne Bahawdirs order and has sent Perserom to seize them, so you had better deliver them to him which will please the Duan, and gain credit to yo^{r}. self. We have before sent Moroo Puntuloo about the Diamond which he must bring with him, and you ought to comply therein, because there's a strict order from Court about it, what can I say more.

FROM AGA MOOKEEM
REC^{D}. THE 11TH. JUNE 1710.

I arriv'd at Arcot the 6th. June & paid my respects to the Duan & presented yo^{r}. Hon^{rs}. service, to which he answerd, this Govern^{r}. uses me very slightingly, & I was never used so illy by any Govern^{r}. before, for that Cawne Bahawdir has sent frequent orders to deliver the villages to Nowarjee, about which the Duan has wrote strictly to yo^{r}. Hon^{r}., & Dowed Cawne has done the same, I have argued very much in yo^{r}. behalf, but he won't hearken to any thing till the Villages are first deliverd. When Cojah Hamud yo^{r}. Vackeel shall appear here about the old Villages & the Diamond then matters will be settled, as I am yo^{r}. FROM DUAN SADATULLA CAWNE

REC^D. 16^TH JUNE 1710.

I rec^d. yo^r. letter and observe the Contents, you write me that you won't deliver up the five new Villages till you hear from Cawne Bahawdir & Dowed Cawne, a perwanna from Dowed Cawne you have had already, & herewith comes one from Cawne Bahawdir so you must accordingly deliver up those Villages, which if you don't doe in a freindly manner, we will use all means to take the old Villages too.

These Villages are of no great value but I must obey & seize them according to Cawne Bahawdirs order, or else I can give suc[h] from my self, however you ought to keep a good Correspondence, which will be best for every body, for I am able to write to Cawne Bahawdir to bestow his favour upon you again.

As to what you wrote me about Surat I observe it, you have hitherto had my favour & shall continue it, for the seizing the Villages is in Cawne Bahawdirs power and not mine, for all which he will be able to answer for himself at Court, but if you think your self able to contend with him you may, for my part I won't trouble my self about it, for if you again procure the said Nabobs orders to confirm them, you shall have them, for the same perwanna [and] Seal that gave them to you, upon the receivall of the very same [to] give them back you should have deliverd them, for all Merchants should doe that which is just and fair.

Agreed and Orderd that the troubles at Vizagapatam, the debt due to the Merchants at Metchlepatam, and the Kings present there be taken into Consideration to morrow morning to which we now Adjourn. — Consultation adjourned till to morrow morning.

THE COUNCIL BEING NOW METT. — FRYDAY 21ST.

The trouble of Vizagapatam being now brought under debate, the following [were] putt to the question Vizt. Which was most adviseable whether we should withdraw that Factory, or compound matters with Fuckerla Cawne relating to the — [In] terrogations relating [to] Vizagapatam whether to

——FORT ST. GEORGE, JULY 1710——

withdraw the Factory or Compound matters with Fuckerla Cawne.

remaining part of the debt due to him from Mr. Holcombe to whose Obligation its said the Company's Seal is affixd.

reasons for not withdrawing Vizagapatm. Factory.

To the first its alledgd it would be a great derogation to the Honble. Company should we withdraw that ffactory at this Juncture, by which we should fall a victim to the insults & triumph of Fuckerla Cawne, as thó we had been frighten'd from the place and animate them to putt a bad construction on the temper of the English, nor would it be any remedy to the present case his clamours and complaints would dilate and spread itself as farr as the Kings Court, and having likewise perus'd the severall letters from the Honble. Company relating to that Factory, we find we have no orders for the withdrawing that Settlement.

The Widdow Holcombe to make over all bills and bonds [to] the Compa.

To the Second. Wee cant think our selves warranted to satisfye any debts of their servants due to any person whatsoever with the Companys money, but the safest way we think of is, that the Widow of Mr. Holcombe doe assign and make over to the Company all bills and bonds she hath of debts due to her decd. husband from any person or persons whatsoever which appears to be much more then seems to be due to Fuckerla Cawne.

Uncertaintys whether the Compas. Seal be affixd to Mr Holcombes obligation or not [for] the true ball. of the accot. between him & Fuckerla Cawne.

But in regard we are not certain by any advices receivd from the Cheif & Council at Vizagapatam, nor have we seen any stated account thence of what really remains due to Fuckerla Cawne, nor are we sure that the Companys Seal is affixd to Mr. Holcombes Obligation, any more then that the Cheif advise us that some of their black servants have seen it.

resolv'd to proceed no further [in] the Vizagapatm [affair] untill further advices.

Upon the whole it is resolved that we doe not proceed any further in this matter untill we are certify'd from thence whether the Honble. Companys Seal is affix'd to the Obligation, and wh[at] the Nabobs reall demands are as to what remains due to him.

The Metchlepatm Merchts. demands are vastly more yn. what the Compa write by the Heathcote [no] warrant to transact in that Affair otherwise then Govr. Pitt signed.

And as to the Metchlepatam Merchants demands of th[at] the principall and interest alledgd to be due to them from the New Company it doth appear vastly above what the Honble. Company write us by the Heathcote that Governr. Pitt advis'd them he hoped of clearing that debt with a sum of about twenty or twenty five thousand Pagodas, which differs much from what Narrain says being now sent for on this occasion who declares that he was orderd by the late Govr. Pitt to offer them fifty thousand Pagodas for the whole, the Originall of his said letter we can't find here, neither doe we think our selves warranted to transact that affair any other ways then to trace the foot steps of the said Governr. which was to buy it off by the lump to which the Merchants will no way Acquiesce.

proposalls made to send the Des Bouverie & Susanna to Metchlepatm to wrest the present out of the Phousdars hands.

And as to the part of the Kings present that was sent to Metchlepatam in August last where it still remains, Wee having agreed with a Country ship bound for Bengall to touch and call in at Metchlepatam to receive and take on board all the severall parcells of said present, and to proceed therewith to Bengall according to Zoudee Cawnes Directions, as ☬ our Consultation of the 15th May last, where when the said ship arrivd we were soon after advisd of the change of Government there, that the old Phousdar being remov'd and that the New one could by no means be prevaild with to permitt the said present to be sent on board as ☬ our Consultation of the 12th. of June last, and there being now two ships of the Honble. Companys in this road bound for Bengall it was propos'd whether it would not be expedient to order one or both of said ships to touch at Metchlepatam, and there to demand the said present which if they will not permitt to be loaden on board to carry off the same by force, but the consideration of the manner and method of doing the same is deferrd untill another Consultation day.

— *FORT ST. GEORGE, JULY 1710* —

Agreed and Orderd that the Lead and Iron be continued on board the Des Bouverie for the Bay excepting the sixteen rolls of sheet lead, and that forty tuns of red wood be loaden on her from hence.

Lead & iron to be continu'd on the Des Bouverie for the Bay except 16 rolls of sheet lead & that 40 tun of redwood be laden on her.

I have shew'd a great esteem for you and had that confidence in you as to intrust my Estate into your hands, therefore I am satisfy'd that no person of any other religion would have dealt so uncivilly and unrespectfully by me as you have acted, likewise now you unreasonably deferr the payment in telling me you'l discharge the debt as soon as you receive money and at my arrivall in your place, but in the mean time you trade with the money and make at least 25 or 50 ℔ Cent proffit, besides is it proper or handsome you should occasion me so much trouble in perpetually writing to you, and sending my people up and down, who always return without any satisfactory answer, my money is like bread as hard as iron so not easily digested, perhaps you may imagine I can't come to your place, so intend to wrong me of my money but if I live I'le certainly come into that part within the space of 4, 6 or 12 months, if I meet with any convenient opportunity, and then how can you hope or expect to have my favour, having renderd yo$^{r.}$ self so unjust and uncivill, perhaps you may intend give me the slip and goe for Madrass or some other Seaport town, but goe where you will you are still in King AurengZeb's Country, so I can procure orders sent by the Gusbardars to the Suba of that Country and seize upon yo$^{r.}$ house and goods and therewith clear my money or debt, then afterwards take no further notice of you, which you'l not digest or well approve of for according to any Law I can demand my money and will have it by fair means or foul, therefore fear God and consider I must have my money, so draw bills upon Metchlepatam or else you shall repent it as long as you live, I write you this as likewise I wrote you before by Phautee Mahomud, which pray peruse & consider well of it, you must not think I only threaten you for God knows I am very impatient so expect a full and satisfactory answer or else you shall find I'le send orders with Gusbadars to Meian Cawne and will wait no longer.

——*FORT ST. GEORGE, AUGUST 1710*——

Hon^ble^. S^r^. &c^a^.

Yo^r^. Hon^r^. &c^a^. Gentlemen were pleasd to send for us up the second day of August into Consultation and then impart to us a paragraph of a letter from our Hon^ble^. Employers wherein they think convenient to order the reduction of our monthly pay.

We presume the Hon^ble^. Gentlemen who first establishd this place upon the due consideration of all the by laws they made for the benefit of it, amongst others found that a generous allowance to their Servants, not only encourag'd those who acted in their mercantile affairs to deal honestly by them, but likewise animated the Soldiers in their Sphere to move with all conduct, courage & fidelity that could possibly be shewn, whenever they were calld upon to act in protection of their Settlements and Estates, and consequently that was the cause that our Predecessors rec^d^. the continuation of our Masters first favours.

If we have deserv'd less we shall most readily submitt to their Hon^rs^. order, but as we are conscious to ourselves and yo^r^. Hon^r^. &c^a^. well knows we have never faild in any one part of our duty, we humbly make bold to represent to you upon due consideration of our pay, and the dearness of diet and cloaths, 'twill be impossible for a single man to subsist & equip himself like an Officer, and a much greater impossibility for those of us that have familys and have settled here with hopes that they should never have receivd any discouragement from their Hon^ble^. Employers so long as they merited their favours.

We further think it our duty to represent to you that our inferiour Officers doe with a great deal of difficulty subsist and cloath themselves with their present pay, and how they can maintain their familys when you have made so considerable a deduction from it as the Hon^ble^. Company orders we leave you to judge, and in the paragraph of the Hon^ble^. Comp^as^. letter read to us relating to that affair, they mention it's their positive order to the Bay &c^a^. and that it's to be lookd on as a standing one for the future in this place, yo^r^. Hon^r^. &c^a^. are very sensible that provisions are much cheaper in those parts, and that a Rupee will goe as farr as a Pagoda here.

This we desire you'le be pleasd to take into your serious consideration, and represent home to our Hon^ble^. Employers, the hardships we must consequently labour under if the severity of their orders are executed, requesting yo^r^. Hon^r^. &c^a^. will deferr it till this our case is lain before them, and their further pleasure is known, and we assure yo^r^. Hon^r^. &c^a^. as we have hitherto, so we shall continue to approve our selves upon all occasions

Letter from Ft. St. David being drunk & not endeavouring to pursue the deserters thô he had timely notice, he is broke & Sergt. Brooks made Ensign in his stead.

Generall letter from the Dep^ty^. Govern^r^. & Council at For^t^. S^t^. David dated the ℔^mo^. ins^t^. rec^d^. the 4^th^. now read advising that they had finish'd their Contract with the Merch^ts^. according to the List formerly sent them excepting the Sailcloth & superfine Oringall Betteelas excusing themselves of the former by reason of the dearness of cotton, and the latter they are providing of Musters as fine as can be made, with it's price, to be sent hither for our view and approbation, They likewise advise that the orders sent them hence for reducing the Military Officers pay according to what appointed by the Hon^ble^. Comp^as^. letter rec^d^ ℔ the Susannah has caus'd a great noise and putt the Garrison upon the ferment, insomuch that on the 27^th^. last past a Sergeant & five Centinells deserted and run away with their arms, and that a great many more designd to doe the like had they not been prevented in due time by a watchfull eye over them, They also advise that Ensign Carter was timely advis'd of their running away but being drunk took no notice of it till four hours after they were gone, and this having been his frequent practice, of which he has been often admonishd, it's therefore Agreed that he be broke, and that a Commission be drawn out to appoint Serg^t^. Edward Brookes (he being well recommended to us) Ensign, in his stead.

Generall letters from Negapatm. & Trincombar read.

Generall letter from the Govern^r^. & Council at Negapatam dated y^e^. 8^th^ Septemb^r^. N S, rec^d^. the 4^th^. Septemb^r^. O S, and also one from the Govern^r^ & Council at Trincombarr read, acknowledging the receipt of ours, and promising their utmost assistance in giving due notice by sending of to any ships sailing by with English colours, of the four French being arrivd at Pondichery.

The petition of ye. Military Officers considerd of relating to their usuall pay [r]easons for continuing it to 'em untill the Honble Compas pleasure be further known.

The petition of the Military Officers of this Garrison relating to the reduction of their pay referrd to this day was taken into consideration, and seriously debated, and we well knowing the certain truth of their allegations, relating to the price of provisions here and in Bengall, where at the latter a Rupee goes as farr as a Pagoda does at Madrass, & likewise their neat and decent cloathing themselves is very chargeable, and severall of the inferiour Officers that have familys can but barely subsist on their usuall pay, and the late advices from Fort S^t^. David by the orders sent them on this occasion may prove of fatall consequence by driving things to extremity, We having reason to believe that the like may happen here, to prevent which we think it highly necessary to act the prudentiall part and pay them as usually, which the Paymast^r^. is orderd to doe accordingly, untill the Hon^ble^. Companys pleasure be further known in this matter.

Letters receivd yesterday now read are found to contain, one from M^{r} Harrison dated the 3^{d} inst^{t}. from Point Pedro, and another from Jaffnapatam of the 8th inst^{t}., likewise a Generall letter of the 5th of August last from the Supervizor & Council of Bencoolen; that of the 3^{d}. inst^{t}. breifly recites to us their having settled all matters on the West Coast pursuant to the orders and instructions he rec^{d}. from this Board, and that he had on the 7th. of August last embark'd att Bencoolen on the Sherborne Cap^{t}. Henry Cornwall Command^{r}., whence they had a good passage till the ℔^{mo}. inst^{t}., when at about six in the evening with all sails standing they struck on a sand to the N°.ward of Trincamallay, and that about one a clock at night the Captain left the ship in order to gett relief from the Dutch, and M^{r} Harrison accompanyd him, and the next night arriv'd at Point Pedro from when [ce] the Captain proceeded to Jaffnapatam, but that the Hon^{ble}. old guns which were useless at Bencoolen, he likewise advises that Capt. Phrip arrivd there the sd. 7th of August last from Batavia and that he was orderd down to Bantall to compose some differences amongst the Natives there.

And that from Mr Harrison of the 8th. advises that the Govr. of Jaffnapatam had very civilly sent out a Pallankeen & a Gu[ard] of Soldiers to carry and conduct him safely thither, and that the fi[rst], second, and third mates, the Gunner & Boatswain were arrivd there on the Yawl, that the Captain was gone towards the wreck with two [...] sloops & some boats, but that he believes it will be but to little purpose, the beforementiond Officers having stay'd above thirty hours on board after the Ships Company had quitted her, and did not leave her till [she] had three foot water in hould, her decks were fallen, and she began [to] open amidships.

The aforesaid letters were dispatchd to us from Negapatam by [the] Govern[r]. there, giving a short hint as they had it from Jaffnapatam of the fatall loss of said ship Sherbourne.

TO HIS ROYALL HIGHNESS AZEEM ULSHAEIN BAHAWDIR
PRINCE OF BENGALL AND SECOND SON TO THE EMPEROR SHA-AALIM

ALL HEALTH, Fort St. George Septembr. ye. 12th. 1710.

It was in a happy hour of the 14th day of August last according to the English Æra that I receivd the honour of your Royall Highnesses noble and generous Nishan, which made that a day of all joy and gladness to the people of the severall Nations that inhabit here which I performd with all the solemnity I possibly could thô farr short of what so high an honour deservd and the like shall be done as soon as the Royall Vest shall arrive here from Bengall. It is with great pleasure that I congratulate the high honours and dignitys that have flow'd from the resplendent Throne on the loyall and faithfull Lord Zoudee Cawne my noble good freind who hath approv'd himself so in procuring for me the testimonys of your Princely favours

—— FORT ST. GEORGE, SEPTEMBER 1710 ——

and freindship, and I humbly beceech yo^{r} Royall Highness will be pleasd to take under your Royall care and patronage the affairs of the R^{t}. Hon^{ble}. English East India Company now depending before the bright Throne of the high and mighty Emperor Shaaalim yo^{r} Royall father, in such manner as that the perfecting of so good a work of obtaining the King's new Phirmaunds for confirming the ancient grants and priviledges of his Royall Predecessors to the Hon^{ble}. the English Company, with what more his Gracious Majesty may add according to his own good will and pleasure may be ascrib'd unto your Grace, I hope yo^{r}. Royall Highness will please to give (as the Master peice of all) the last finishing stroke to this same great affair, which your Royall Highness hath hitherto so much favourd and countenanc'd by yo^{r}. powerfull Influence at Court, for which I shall not be wanting to the utmost of my ability to observe and obey your Royall Highnesses commands in making my humble and gratefull acknowledgment at the most Magnificent Court, concerning which and the manner of it I shall write more large to the Lord Admirall Zoudee Cawne, besides we shall record and register in letters of Gold in the Chronicles of the English Nation, yo^{r}. Royal Highnesses name with all honour and renown, to be laid up in our Archives to perpetuate the same to posterity and the generation not yet born, I pray God may keep yo^{r}. Highness always under his protection, with a continuall stream of the Kings love, favour, and grace, always flowing upon you without ebbing, and that you may always be the love and delight of Mankind, after this what can I say more.

From His Excell^{cy}. Zoudee Cawn

May the Succours of Heaven, and the favour of the most Holy always attend your happy thoughts and your high state.

After having made known the greatness of my desire to see you, a[nd] assuring you of my friendship, I am to acquaint you, that I have of [late] been inform'd by letters from Agha Mahomud Mukheem, that yo^{r}. [Hon^{r}] was arrivd in Chinnapatam, & had taken the Government upon you, [this] news was matter of great joy to me. May the Mercifull God,make you happy, very happy to you, and bestow those blessings upon you, wh[^{ch}] the best of your freinds can wish you, Although it was never my for[tune] to see you, yet I was not Stranger to yo^{r} good Character, and which co[mes] now confirmd afresh in Agha Mahomud Mukheem's letters, from su[ch] kind of men, we conceive great hopes. The Correspondence which was in a freindly manner maintaind between myself and the former Governour, is well known, And in regard the reason of maintaining of a good friendship & correspondence still remains the same (particularly in regard [to] the Company's affairs, & affairs of that nature, it doth remain so) it [is] requisite that that best of freinds doe more and more apply him-[self] to establish a freindly Correspondence, and to carry on the Comp^{as}. affairs and to doe all other Offices that sincerity and freindship require from [us] and then he may on all sides be at ease, And if, as heretofore, you will acquaint me with your State, with your good health, and the state of your affairs from time to time, without using any shyness or strangeness, I shall take it very kindly. As I formerly writt you of my having the charge of the Sea ports both on this and on that side; Accordingly by the blessing of God & his safe conduct, I arrivd safe at Hughly, and after my arrivall, applyd myself with all diligence to settle affairs. And since I accepted of this employment, only, for the better promoting of your affairs, and for the sake of my Cowle and Contract with the former Govern^{r}., I conceive hopes from the freind-ship between us, that as I have writt in another letter; you will with all application, effectually provide for the safe going and coming of ships, the flourishing of the Sea ports, the tranquility of God's people, the putting a stop to Piracys, and laying open the ways by sea, in such a manner as it ought to be; There is a Nishan and a vest graciously granted yo^{r}. Hon^{r}. by his Royall Highness the Kings son, Prince of the world, and all wordly things, and the entrance of whose door is equall in diginity to the skyes, The Nishan is sent along with this letter, which you are to receive with all the tokens of duty and homage And the Vest together with my Present by the help

of the most High, shall be sent you as soon as the ships goe, The Captain of Calcutta came to visit me, I receivd him with all the marks of freindship and civility, presenting him with a Vest, a horse &c[a] according to his quality, and likewise those, that were with him. After some discourse the said Captain gave me to understand that of the Present designd for his Maj[ty] part was arrivd at Calcutta, the rest was at Metchlepatam, but would be brought there in a little time, In regard the coming forth of a Phirmaund full of favours, & answering yo[r]. severall requests is putt a stop to untill your Present doth arrive, It is necessary that whatever part of the present is yet remaining behind, should be sent forthwith that it may arrive this monsoon, and I may send it up to Court; that so the favours of the Great Ministers, attending the Throne of Majesty and Brightness may respect the State of my good freind, In regard that his Majesty hath issued out an order for the buying of Jewels and Pearl, Elephants & Horses, I now write to yo[r]. Hon[r]., to desire you, that in th[is] affair you would perform the part of a freind toward me, in giving a strict charge to all Merchants, whether your own or Strangers, and in writing to them, and in giving them your Cowle or any security they shall demand, that what quantity soever of Jewells &c[a] they shall be able to gett together, they shall bring them to Hughly, and they shall be paid for them at the Market price. As to myself, I have petitiond the King's Sacred Throne in behalf of my worthy freind, so farr as the dutys of Love and freindship could oblige me, In a short time the Grace and Favour of the Throne of the Lord of the Earth and the Age, and whose Court is equall to the skys will graciously respect your State, And the Merchandize and the affairs of the Company will goe on in a fair way, As to all other matters Aga Mahomud Muckheem will inform you, In regard there is that good understanding between us two, Give me leave to declare to you, that of all affairs, I recommend to you in particular the buisness of Pegue, that in that behalf you would act the part of a true and real freind, and that upon all occasions, you doe help & assist the abovementiond Agha, and the said Agha being sensible of your help and countenance, will Day by Day send me an account of your state, & of your affairs, and I doe assure you, that my heart, good will and desire of seeing you are allways towards you, To Conclude may you remain in health, wealth, and safety.

——*FORT ST. GEORGE, SEPTEMBER 1710*——

To His Excellency Zoudee Cawne Bahawdir
Lord Admirall of all his Majestys Ports
in the Kingdom of Bengall, Oudeisa,
Metchlepatam, Cornattah &c^{a}. and
Phousdar of Hughly

Health Fort St. George Septemb^{r} 18th 1710.

My first addresses to yo^{r}. Excell^{cy}. was of the 12th of May last Congratulating yo^{r} new honours and dignitys which the King in his great judgment hath conferrd upon you in part, as the reward of your great merit your Loyalty and faithfull service to so great a King, which I hope is come to your hands.

My next after address to your Excell^{cy}. was of the 27th. of June last by your good brother in Law Meersufdar whom I hope is long since arrivd to kiss your hands at Hughly, he took his passage hence on a ship belonging to this place call'd the Josiah.

On another of our ships I sent yo^{r}. Excell^{cy}. one of yo^{r}. menial servants Hajee Cajum by name.

I have wrote Mirza Abul Fuzzil, that he return hither upon the very first ship that comes from Pegue directly for this place, which when he arrives shall show him all the favour, and respect I can, copy of what I wrote and sent in April last, and the letter I have now sent to the said Embassador by a ship that saild hence yesterday for Pegue I now send yo^{r}. Excell^{cy}. that I may not omitt any thing as becomes the great esteem and respect I bear your Excell^{cy}. for your noble and generous performance of the many eminent acts of great freindship, and special favours yo^{r}. Excell^{cy}. has done to my late Predecessor, and that which makes it (if possible) the more praiseworthy, is your faithfull promises of continuing the same favour in their full extent and real good meaning to my self as his Successour, and I shall in true gratitude of such your favours as are above value, act the reciprocall on my part as much as ever I can to perfect so good a beginning to its full maturity of a firm, fix'd and permanent mutual love and sincere good freindship, because ardent love is the happy state and life of Angels.

Having premisd thus much, 'tis time I should draw the Scene to the 14th. of last month which brought us the honour, of yo^{r}. Excell^{cys}. perwana with the glad tidings of your being safely arrivd at Hughly, as also the high honour of the Royall Princes Nishân procurd for me by yo^{r}. Excell^{cys}. means and special favour, which I shall ever acknowledge as so, all this together made that a day of all joy and gladness not only to my self but to all the people of the severall Nations that inhabit here, which high honour of the Royall Princes Nishân I receivd with the greatest solemnity I could, all the people at the same time with one voice sounding out his Highnesses (and yo^{r}. own) praises.

Having wrote thus much, just now is brought to me the more perfect Translate of yo^{r}. Excell^{cys}. second private and particular letter by which I know mine are come to your hands, which at first when I begun this letter I did not know.

The most valuable part of the Kings present was sent to Metchlep^{m}. about some 13 or 14 months agoe in my Predecessors time, designd to have sent the same overland as farr as Golcondah, but by reason of the severall inconveniencys attending such an undertaking that first design was wholly laid aside as impracticable.

I have in complyance with yo^{r}. Excell^{cys}. orders sent a ship to that port in May last with intent to have receiv'd and taken on board the s^{d}. present to be carryd up to Bengall to the English Gentlemen our freinds there, and to await your Excell^{cys}. arrivall at Hughly, to have the same deliverd to your Excell^{cy}., but that ship having stayd there some three or four days departed thence (having done nothing) and proceeded on her Voyage to Bengall, the Government of Metchlepatam alledging for their excuse that they were under and subordinate to Isuph Cawne the Subah of

——*FORT ST. GEORGE, SEPTEMBER 1710*——

Golcondah, likewise on the 19th. last month I dispatchd another ship to Metchlepatam to the same intent and purpose as the former, with yor. Excellcys. Perwanna to the Kings Gusbardar, but he was gone to Golcondah before the perwanna arrivd, which my people keep to deliver him when he returns, that ship stayd full three days at that Port, without doing any thing of what she was sent for, for the reasons aforesaid and then proceeded to Bengall, by whom I did not write anything to yor. Excellcy. by reason the Perwanna wherewith yor. Excellcy. was pleasd to honour me with was not then translated.

And supposing at last the Suba of Golcondahs orders be sent to Mirza Mahomud Yarbeeg Phousdar of Metchlepatam for the delivery of the Kings present to your Excellcys. order, yet it cannot be sent away sooner than next monsoon to favour it's being sent to Bengall which will be in Febry. next, four months hence.

I have according to yor. Excellcys. commands discours'd the most eminent Merchants here that deal in jewels and pearl who all promise a complyance but wish rather that yor Excellcy. would please to send hither your Vackeel or Gomosta; they being fearfull of the sea, as not having been used to the same, and at last cannot be performd till next monsoon as I have said, when I shall engage them to proceed to Bengall in the way and manner your Excellcy. has orderd, but the hardest matter and greatest difficulty remains how to send any Elephants hence to Bengall, but I shall endeavour all I can to prevail with those Merchants here that expect Elephants from Pegue next March to continue them on board ship for Bengall.

I have here five Elephants designd as part of the Kings present but doe not know what to doe or how they can be sent yor. Excellcy. having kept them now above fourteen months and I am very uneasy untill all the parts of the Kings present be sent away so as that they may arrive safely with your Excellcy. at Hughly.

I am told Raccan produces a breed of Elephants of a very large Cast, and bigger then any that come from Pegue, and easyer brought to Bengall then from any other parts, of which yor. Excellcy. may be perfectly informd by severall within your own Government.

I have attempted to give my humble answer to his Royall Highnesses Nishan which comes herewith, which I hope by yor. Excellcys means may meet with a favourable acceptance.

Yor. Excellcys. perwannas are so full of grace and goodness that they doe not only give me leave, but bid me write full and freely to yor. Excellcy. without any shyness or reserve, hath embolden'd me to be thus large.

There is a people of the French Nation who call themselves by the name and apellation of a new St. Malo's Company of Merchants Trading to the East Indies, they come out in a body of some 7 or 8 ships in Company, they are of great force both as to men and guns, they bring out but a very small stock to invest in goods, four such ships have arrivd at Pondichery on the 19th. August last, where they have contracted wth. the Merchants of that place for an Investment of seventy thousand Pagodas worth of severall sorts of Cloth, which is not sufficient to fill up any one of their larger ships, on the 4th. of this month they saild from Pondichery, and as is beleivd are gone to Mergy a Sea port belonging to the King of Syam, there to fitt and clean their ships and then to goe a cruizing for what ships they can meet with belonging to the English that they can take and make prize of, 'tis true the Crown of England hath maintaind a great and just warr for eight years past against the King of France who would endeavour to oppress and insult over severall Soveraign & Independant Princes and Free States, till now that he is forc'd to submitt to the fate of warr by the Honble terms and conditions he offers as the ground work of a long and permanent peace, but this warr in Europe ought not to extend to these parts of the world, which these French ships doe, by takeing the innocent fair tradeing Merchants ships belonging to the English that inhabit here as well as the English that live and trade, in all our Companys Settlements in the severall parts of India, and 'tis a truth well known that the Stocks adventurd on the severall Country ships in this place

———*FORT ST. GEORGE, SEPTEMBER 1710*———

and other Ports belonging to the English, such Stocks sent to Sea is not always all of it properly the English, but that the Natives are pretty much concernd, and even the great men the Ombrahs by their Vackeels and Gomosta's are often very deeply concernd in such Country Trading ships.

But this is a subject matter proper to be discoursd of between yo^r. Excell^cy. & our Comp^as. worthy President the Hon^ble. Anthony Weltden Esq. Govern^r. of Calcutta newly arrivd there, a very ingenious Gentleman, made up of abundance of good complicated parts, his conference with yo^r. Excell^cy. when your leisure from greater affairs may admitt the same, will justify the character I give of him to yo^r. Excell^cys. Satisfaction.

May the Almighty Good God the Author of our being, be always propitious to you, and guide and direct you in his righteous wayes that you may see your Childrens Children prolong their dayes with honour and prosperity, and that the Kings favour, love, and affection may always increase and continue to you, without malice or enemys, that all hearts may pray, and all mouths speak out God bless and preserve the Noble brave Lord Zoudee Cawne.

A Letter rec^d. at ten this morning from Negapatam by Dutch peons dated the 11^th. inst^t. from M^r. Harrison at Jaffnapatam, adviseing that Cap^t. Henry Cornwall with the assistance of the Dutch and their Sloops had gott the Ship Sherborne off from the Sand where she first struck and was arrivd and at an anchor at Point Pedro, and that she had not receivd near the damage as was at first suppos'd, but that her own people had rifled her of all they could lay their hands on, and still continued disaffected refusing positively to goe on board upon which M^r. Harrison applyd to Dutch Government and forcd them on board three of their sloops, and sent them down to the ship, he likewise advises that the Dutch informing him of the French being on the Coast, he thought it more safe for the ship to proceed to Bengall, the Captain declaring his ship was in a Condition to undertake the Voyage, Upon which the Gov^r. & Council immediately wrote away to M^r. Harrison advising him they approv'd of what he had done. 21^st

an Elephant to be sold to lessen the charge.

The President acquaints the Council that there has been Merchants with him about buying one of the Companys Elephants for which by the Broker they offer fourteen hundred Pags; and in consideration of the keeping and feeding of the said Elephants is a great charge they having been bought and design'd a part of the Kings present, and it being impossible to send them hence to Bengall, It's therefore Agreed and Orderd that said Elephant be sold for the most that can be gott to lessen that charge.

Letter from Fort St. David read, their bill of Pags. 1000 orderd to be paid.

Generall letter from Fort St. David dated ye. 23d. instt. recd. the 26th. now read, advising they have drawn a bill on us for One Thousand Pagodas payable after three days to Latchmiah Puttee, which is agreed to be accepted when presented and paid when due, Likewise the prizes of the Musters now sent us Vizt. at twenty nine Pag^{s} ℔ Corge, accounting forty such peices to the Corge, which being both veiw'd by us all and likewise by our Merchants, the Oringall Betteelas are adjudg'd to be dear, and the Sail Cloth reasonable the further consideration of the said Betteelas is deferrd untill another Consultation day that we may compare them with our Musters of the same kind here.

M^{r}. Thomas Frederick Late Sea Customer pays into Cash Five Hundred Pagodas on that account. Pags. 500 p^{d}. in by Mr. Frederick late Sea Customer.

Orderd that ship President be sent to Bengall as soon as possible there to fitt and clean in order to be returnd to us in Jan^{ry}. with grain &c^{a}. in some measure to countervail her charge ; Charles Hopkins Master of said ship being very ill, and not able to undertake the Voyage, but John Freeman now Cheif mate haveing a good character was sent for and Orderd to take charge of her and proceed to Bengall as aforesaid. The ship President saild for Bengall.

Generall letter from Metchlepatam dated the 7th inst^{t}. now receivd and read, advising that they cannot perswade the Phousdar there to permitt the Present to be sent off, pretending want of orders from the Cheif Govern^{r}. at Beswarr. Letter from Metchlepm. read.

The Companys Merchants having been often sent for and prest to come to an agreement for this Years Investment, were now again sent for but still persisted in their former answer, which was to provide the goods on the same terms as they did last years but conditionally that they might have all the Broad Cloth now sent out on the same terms likewise (which was fifty ℔ Cent on Invoice), But we urging that the Cloth now sent out (as it really is) farr better in it's kind both in respect to its dye, curing, and packing then what formerly sent, therefore insisted on sixty ℔ Cent advance, which they could by no means be brought to comply with, insisting that Cotton was now much dearer, and the Camp at a greater distance upon which they were orderd to withdraw. Proposals for Investm.

Upon the whole it's considerd that there is no other Merchants to contract with on whom we can rely to gett in their goods timely enough to be sent on the Jan^{ry} : Shipping, they having now good quantitys both in Town and Country that enables them to perform better then any other new Undertakers can, It's therefore Agreed that we let them have all the Broad Cloth & Perpetuanoes come ℔ this years shipping, reserving enough for Presents and the use of the Garrison, at fifty five ℔ Cent advance on Invoice, And the Merchants being again called in were acquainted with this our last and finall resolution, to which with much adoe, and great perswasion they were brought to acquiesce, and promis'd to bring in the severall quantitys and Species of Callicoes as ℔ List deliverd them, which is as Enterd after our Consultation of the 15th August last, but would sign no Contract, they having no money advanced them of the Hon^{ble} Companys.

Peter De Legroy a French man by Nation, and marry'd in this place, but rather a Vagrant than a settled Inhabitant here and it being known that he has been very active in severall ill Offices in respect to the Government of this place but more especially now of late having gone hence to Pondichery without leave or any knowledge of the Govern^{r}. where he acted the part of an Incendiary by stirring up three of the French Captains to protest against Mons^{r}. Raoul Command^{r}. of the Marrepaw, & Comma[n]dant of that Squadron, for that they in their passage outward bound having seen four ships would not bear down to engage them, which the said Legroy averrd to be the English East India Companys ships, which protest they deliverd into S^{r}. Andrew Hebert Govern^{r}. of Pondichery, Upon the whole it's unanimously agreed that the said Legroy doe depart this place in forty days, and that Notes be affixd at the Gates to give notice of this our order. Peter Lagroy banishd the place and why.

the Piscash, that the Gusbardar had been very urgent and saucy, that at first he had consented that the Piscash should goe by way of Hugly, but now was very urgent to have it carry'd by way of Golcondah to the King, that there was a letter come from the Nabob Isuph Cawne to the Phousdar of Metchlepatam &c^{a}, is come to hand.

I was very well pleas'd with reading the contents of it & I desire yo^{r}. Hon^{r}. to beleive that I am as much your freind as I was the former Governours, and that the same freindship, Cowles and tyes that were before, the same doe remain still, and I am very ready upon all occasions to assist and favour you in all your interests, and knowing this let yo^{r}. Hon^{r}. with all the security in the world apply himself earnestly to mind the affairs of the Company, and those of the King, that are under his care, By the help of God most high the freindship and correspondence between us, shall be every day improvd more and more, I was not a little pleas'd with the character of yo^{r}. Hon^{rs}. goodness, God Almighty preserve and bless you more and more, your forwarding the letters to Abul Fuzzal was kindly done, upon that occasion, what shall I write you the doing of those offices which freindship requires at our hands, you will esteem humanity, and as to that affair of sending the present by way of Hugly that there was an order of the King about it I have writt you before and now I write you the same again I have also writt to his Lordship Mahomud Isuph Cawne, and to the Gusbardar, and to Mirza Mahomud Zemaun my Deputy in that Phousdarship, that there was an order from the presence full of light, writt to me to that purpose, there are half of the things belonging to the Piscash at Hughly already, and pray write to your Cheif at Metchlepatam that he send the remains with all possible speed to Hughly too, that from hence according to the order they may be sent to the Royall Presence and let the Gusbardar convey himself to Hughly by way of the sea or by way of Chickacull, which he shall like best, that from hence he may accompany the present to the Court, if the Gusbardar will come here it is well, but if not, let not your Hon^{r}. for any thing he shall say stop the sending of the Piscash, let all the things belonging to the Piscash be soon sent to Hughly, for the Royal Army is not far from hence, besides there is his Majestys order that the present be sent by way of Hughly, before all things let there be no delay in this affair and doe not hearken to what any body shall say against it. The letter I sent you overland by the Cossids will arrive you, I have also writt to Aga Mahomud Mackeem, what I thought needfull upon that occasion, pray discharge in all things the part of a true freind according as I writt you, I shall be always glad to hear of your state, what besides my respects can I write more.

To his Excell^{cy}. Isuph Cawne

Suba of Golcondah Novem^{br}. 7th. 1710.

It cannot be unkown to yo^{r}. Excell^{cy}. but that at the time the Royall Army was moving towards Golcondah, our noble, great & good freind Zoudee Cawne then Lord high Steward of the Kings household did by himself, and the power and interest of his best freinds by their humble addresses to the bright and all shining Throne in behalf of the Hon^{ble}. the English East India Company, whose affairs he did sollicitate with so much care, pains, and diligence, as that the King was pleas'd to honour the then English Govern^{r}. of Chinnapatam my Predecessor twice with his Royall vests & Hosbullhookums.

At which time the Lord Zoudee Cawne wrote to the said Govern^{r}. my Predecessor, to prepare and gett ready such a magnificent present of such valuable varietys as could be procured to make such a present acceptable at Court, but before this could be effected the Royal Standards began to return from Golcondah and move towards Dilly, when the s^{d}. Lord Zoudee Cawne procured the Gusbardar Moosaupheer Beeg to be sent to Metchlepatam to accompany the present as then intended to have been sent overland, but so many inconveniencys following as would have

——FORT ST. GEORGE, NOVEMBER 1710——

renderd the same very hazardous, if not impossible to have sent the present to arrive safe at Court by reason of the great rains in that season, besides the Kings Enemys the Moratta's, Rajahs, & Pollygars lay in wait to have engag'd the taking or plundering of the Kings Present, since when we have rec^{d}. severall Perwannas from the Lord Zoudee Cawne acquainting us that tis the Kings special order to have the Royall present sent by sea to Bengall to meet him at Hughly, the place and seat of the Lord Zoudee Cawnes government in order to send the same to Court, and in obedience to which his commands I sent a small ship hence in May last to Metchlepatam in order to receive and take on board the King's Present lying in our Factory, w^{ch}. your people and as they say by your order mainly opposed & hinderd since when on the 14th August last I rec^{d}. another Perwanna from the Lord Zoudee Cawne from Hughly wherein he advises me that 'tis the Kings absolute and positive order that the Present be sent by sea to Bengall & so to Hughly to be sent thence to Dilly, and with the said Perwanna I had by means of Zoudee Cawne, the honour of the Prince Azemoodeens Nishân with a Princely Vest sent me, desiring me to observe the Lord Zoudee Cawnes orders relating to the Kings present and in obedience to which I did accordingly send a large English ship in August last to Metchlepatam there to receive and take the same on board, which the Gusbardar and your people hinderd and oppos'd as they still doe to this very day, I therefore send yo^{r}. Excell^{cy}. a true copy of the Princes Nishân & the Lord Zoudee Cawnes Perwanna last rec^{d}. attested by the Codjee, on purpose to clear yo^{r}. Excell^{cy}. of any scruple you may have in your mind as to this matter, and I shall easily comply wth. yo^{r}. Excell^{cy}. in any just thing that is not contrary or repugnant to any orders from Court, you are both of you good as well as great men, in the Kings service, as well as in his favour, why then should there be any difference between such two wise men after this what can I say more, Just now at finishing this a fresh letter is come to your Excell^{cy}. which I now send you with this by way of Metchlepatam.

The Accomptt. to draw out an accot. of Mr. Matt. Meads estate to be sent home, & to be carryd off to Accot. Currt. London.

Paragraph 53 of the Hon^ble^. Companys Generall letter to this place dated y^e^. 9^th^ of Jan^ry^. 1709 relating to M^r^. Matthew Meads Estate, being now read, the Accomptant is orderd to state and draw out that acco^t^. to be sent home in the Packet, and that the ball^o^. now resting in Cash be wrote of to Acco^t^. Curr^t^. London.

The Accomptt. produces an accot. of what sent to Bengall last year & this.

The Accomptant pursuant to an order of Consultation of the 29^th^ past does produce to us a stated acco^t^. of what sent hence to Bengall last year and this.

Letters to Bombay & Surat read & signd.

Generall letters to the Generall & Council at Bombay, and to Mess^rs^. Proby, Bendall & Wyche residing at Surat, read, approvd and signd.

Letters &ca. from Vizagapm.

By the small parr that arrivd last night from Vizagapatam on whom came Benjamin Henning a Passenger, an inhabitant of this place, and brought us a Generall letter of the 30^th^ past with a postcript of the 4^th^ inst^t^. from the Cheif and Council there, with their Diarys and Consultations from the ℔^mo^. July to the 27^th^ last month, and their acco^t^. Cash for the month of October last.

The contents of the letter from Vizagapm.

Their said Generall being now read, upon which we make the following Observations, wherein they say they have none of ours since the 18^th^ of August last sent them ℔ Susannah, which supposes our next subsequent packet to them of the 29^th^ September sent overland to be miscarry'd.

Fuckerla Cawne designs to beseige Vizagapm.

That they had sent the Mullah &c^a^. Braminy to Fuckerla Cawn's Camp to have a sight of the seal affix'd to M^r^. Holcombes obligation, but after waiting some dayes with hopes and promises from the Rajah Ananterauze they returnd with answer that Fuckerla Cawne was enrag'd to the last degree, and would not hear any more proposalls about his money without prompt payment, but was coming himself within a day or two with guns, ammunition &c^a^. to beseige their Town, and had placed guards on the roads to prevent their sending or receiving any letters and provisions coming to them, and that Fuckerla Cawne refusing to show the Obligation they are of opinion and believe that M^r^. Holcombes Seal is affixd thereto and not the Hon^ble^. Companys.

Vizagapm. beseigd with 7000 foot & 800 horse they fire on y^e^. out guards wch. being returnd they decamp.

That on the 8^th^ past the said Nabob with his army consisting of about 7000 foot & 800 horse encampd behind a great sand hill near the Town, and the 9^th^ at night fired on their out guards, which being returnd again by the English made the enemy retire further, and turn their seige into a blockade, by stopping all provisions of which they were in great want, that they have made a Briggantine of the Riseing Sun Smack, and fitted her up in order to secure what may be putt aboard in time of extremity.

The foregoing being a recitall of their said Generall letter almost *verbatim.*

Considerations upon y^e^. management of affairs at Vizagapm.

First. We observe that the Cheif has strangely errd in his politicks (not to say worse) that he having by his former frequent letters advis'd us what he had then foreseen, as what might be the result and issue of not paying M^r^. Holcombes old debt to Fuckerla Cawne, as the event now proves, that the Cheif &c^a^ in that case should not sooner & earlyer gott sufficiency of provisions for the use of their Garrison, at least untill the monsoon should serve for our sending them supplys hence.

Secondly. That the Cheif &c^a^ should supply Nabob Habib Cawne and Fuckerla Cawne with so large a quantity of Gunpowder as 300 mds. equall to 15 Candy here, & 100 maund of lead, when the said Nabobs and the Cheif were on so precarious terms, and not only so but by their Generall letter of the 27^th^ July last write us to send them 30 Candy of powder & 20 Candy of lead for a further supply to the said Nabobs notwithstanding the frequent cautions we gave them, or without ever considering they were strengthening the hands of said Nabobs who were [then] contriving of the ways and means of laying that siege they have since form'd against that Factory.

——*FORT ST. GEORGE, DECEMBER 1710*——

Thirdly. It being now the Northerly monsoon its strange that the Cheif should not have wrote to Bengall to the President and Council there to be supply'd thence with whatever they wanted.

Fourthly. That Juggapa the Braminy that arch knave and villain who was the cheif cause and instrument by the powerfull bribes he receivd from time to time from the Rajahs Ananterauz & Py[e]row, by whose means and perswasions he prevaild so farr with Mr. Holcombe as to induce him to lend those large sums of money at high interest to those said Rajahs, which is still a debt, which we may reasonably suppose to have been most or all Fuckerla Cawnes money, and has been the Originall cause and first spring whence all these troubles are derivd, and devolvd upon us, and notwithstanding our having so often & frequently wrote to Mr. Hastings &ca there to send us up the said Juggapa either by sea or by land, which has never been complyd with, And being credibly informd Fuckerla Cawne does demand of the Cheif the said Braminy and that on the delivery up of him all the causes of their troubles shall cease.

The Braminy att Vizagapm supposd to be the occasion of this trouble.

And now upon the whole, It is unanimously agreed that we write the Cheif & Council there, that upon the reading the said intended letter to them, that they at that instant seize the said Juggapa, and putt him in irons, and secure all his books, papers, and Accounts wch. if the Cheif should oppose or hinder the same, It is our positive & peremptory order that the Council or any one of them doe execute this our order, and that the Military & peons be assisting to him or them in this matter.

he is ordd to be securd.

It's likewise agreed that the President write his letter to Fuckerla Cawne relating to the premises, and desire him to send us up a person fittly qualifyd to accomodate all matters, and that in the mean time to withdraw his forces from the Factory.

The Presidt. to write a letter to Fuckerla Cawne to send a person to accomodate matters.

Generall letter from Mr. Faucet at Metchlepatam dated the 27th ultº. recd. the 10th instt. now read advising the receipt of ours of the 11th ultº. containing all the papers of state relating to the Kings present which where deliverd to the Phousdar there who took little or no notice thereof, and said he would send away the present via Golcondah in four days.

Generall letter from the President & Council in Bengall dated the 25th. Novembr. last now read, wherein they seem to reflect smartly on us, as having neglected so very materiall a matter, as our not having sent them down no more bales, and our not having advised them what Toñage we could dispatch home this Season. *the purport of the generall letter from Bengall.*

As to the first, the former usuall dry seasons having prov'd contrary this year by the so many frequent great rains, as has not only hinderd our washers, but likewise the bringing the cloth out of the country the like has not been known to the oldest of the Natives now living which hinderd us from sending them no more bales then 300 on the Des Bouverie & Susannah, it being but prudence in us to keep a full loading for the ship Frederick whom we might reasonably expect to arrive here the beginning of October from the West Coast she having been the longest on Demorage.

As to the latter, we did early on the 3d of Janry. last write to the then Council of Bengall to advise us what Tonnage they thought they could be able to dispatch the next October following for England to which they gave answer in theirs of the 27th Febry. following, where they say they having given the Loyall Bliss her full loading, and that they judg'd they should be able to gett ready the next ensuing Season twelve or thirteen hundred Tons for Europe, which was the reason we sent them so much Tonnage and such large stocks, that they might send us what fine goods they could spare, and we to fill the rest here, which is near equivolent to our having sent them more bales, which at that time we could not doe.

Generall letter from Mr. Faucet at Metchlepatam dated the ℔mo. instt. now read, with his accot. of Expences from the 24th of August to the 4th of November, which being very extravagant It's therefore orderd that copy of said accot. be sent to Mr. Noden to be returnd us again with his remarks thereon. *Letter from Mr. Faucet at Metchlepm.*

The Warehousekeeper pursuant to an order of Consultation of the 10th of October last, now produces the Bengall sort of Romalls, which being now viewd by us all are adjudgd course, and their chay faded by lying by, and therefore rejected. *The Warehousekeepr. produces a sort of Bengall Romalls wch. are rejected.*

Generall letter from Capt. Henry Cornewall dated in Bengall the 26th November last complaining of his Surgeon and some other of his men, that had deserted the ship might be secured, Orderd that the sd. people be summond to attend next Consultation day. *Letter from Capt. Cornwall in Bengall read.*

Generall letter to the Cheif & Council at Vizagapatam dated the 19th instt. read, approv'd, and sign'd. *Letters to Vizagapm. read and sign'd.*

Mr. Richard Skingles petition now read which is as Enterd after this Consultation, Agreed and Orderd that the Secry. doe deliver the same to Mr. Harrison for him to give answer thereto. *Mr. Skingles petition read & dd. Mr. Harrison to answer.*

Mr. Jeremiah Harrison's petition read which is as Enterd after this Consultation requesting leave to lay down the service, and take his passage on the Frederick, which is granted, and to have the usuall accomodation the Honble. Compa. indulge to their servants returning home. *Mr. Harrisons petition for embarking on the Fredrick for England granted.*

The Register of the Mayors Court produces to us a bill of Exchã. drawn on us ℔ Deptv. Govr. Phrip &ca. Council at York Fort for Dollrs. Spanish 1260 : 1su : 1sa. payable to the Mayor & Court of Aldermen to be divided among the Creditors of the Decd. Thomas Wright as advisd us in the York Fort Generall letter dated ye. 18th August last, Agreed the same be paid as usuall at 17℔s 8/8 for 10 Pagodas. *West Coast bill of Exchã. for Dollrs. 1260 : 1 : 1 ordd. to be paid.*

To the Hon^ble^. William Fraser Esq^r^.

I make bold to intrude this into your hands as an humble Sollicitor in my behalf most humbly entreating you'd please to take the many and great misfortunes I have lately labourd under into yo^r^. most serious consideration, assuring yo^r^. I hope no person can think me so supinely stupid as willfully to neglect my own interest by paying large sums of money out of the R^t^. Hon^ble^. Comp^as^. Cash, and not giving due C^r^. for the same (when I knew myself answerable for the whole) as Dollars One Thousand p^d^. Cap^t^. I also sent my sloop (which the R^t^. Hon^ble^. Company now has) under the care of Capt. Warner and chargd in his acco^t^.

There is also included in that sum I'm brought in indebted to the Company seven hundred thirty two Dollars on acco^t^. M^{R}. SECRETARY

I have lookd over the papers you deliverd me from M^{r}. Richard Skingle the purport of which were laid before me when at Bencoolen, but not comply'd with for the following reasons :—

I did not beleive it reasonable to reimburse him the money said to be paid Cap^{t}. Burrish on acco^{t}. Charterparty, there being neither receipt nor entry in the Cash book concerning it and consequently the Company incapable of recovering it from the Owners, besides the Scipio's Charterparty money was 1050 Doll^{rs}. and why the odd fifty was forgott on both sides I am to learn.

I thought it unaccountable M^{r} Cross should bring out Ten Thousand pound and receive a supply of six more on the Northumberland, not live above three months, & yet be necessitated to take up money at 15 ℔ Cent Interest, and therefore I was afraid M^{r}. Deanes bill might have some thing more at bottom.

M^{r}. Holmes might have considerably of M^{r}. Skingles in his hands, but no papers appearing after his death, and the whole Cargoe coming farr short of the Companys principall money laden on board the President, I judg'd it convenient they should be first satisfy'd, and yet they are 700 Dollars losers by that Voyage.

I did not beleive the Gentlemans good services to the Comp^{a}. deserv'd the Salary allowd M^{r}. Cross and therefore I reduced it to £ 100 ℔ annum.

That the quantity of liquors mentiond in his paper was drank up in so short a time besides the 17 chests on the Nathaniel I make no question, but thought the Comp^{as}. intentions were to allow their Servants, only wine enough to preserve their healths not ruine it. I am
